Note from DSA CEO

Downtown Stockton is rich with history, culture, and community. It has tremendous potential just waiting to be unlocked, and you, as a Downtown property owner are contributing to the transformation of the area into a hub for business activity, startups, maker spaces, urban living, and events that bring life to our historic core.

We are the Downtown Stockton Alliance, or DSA, a 501(c)6 non-profit Property Based Business Improvement District established in 1998 and funded through the property assessment found on your yearly tax bill. Our services cover 123 square blocks in the heart of Downtown.

Your property benefits are determined by your zone. View the map on the back of this booklet to identify your property's zone and read more to learn about the benefits you automatically receive through the PBID as a Downtown property owner.
